

#28

**Across**

- 3** Software for monitoring network traffic
- 6** Abnormal end
- 7** Magnetic flux density
- 9** One billionth of a volt
- 10** 1 newton/cm<sup>2</sup>
- 13** Measures wind speed and direction
- 15** Highly resistant, nonconductive material
- 16** 48 (Cd)
- 18** Automatic remote transmission of data
- 20** Diverts a current

**Down**

- 1** The deviation of some aspect of a digital signal's pulses
- 2** Newton's 1st
- 4** DC to AC
- 5** Receives and amplifies a weak signal before retransmitting it
- 8** To put into mechanical action
- 11** Law relating the distribution of electric charge to the resulting electric field
- 12** VALUELESS CHARACTER
- 14** Inactive
- 17** Exact replica
- 19** Foucault current
